

FROM THE DESK OF WILLIAM SHATNER

Dear Fellow Animal Lover,

You and I have something very special in common.

We deeply love and care about nature's Great Cats.

That's why I've been a proud supporter of Tiger Creek Wildlife Refuge since 2006.

The Founder, Brian Werner, created Tiger creek in 1995 for a very specific purpose: To provide rescue and rehabilitation to great cats that have been abused, neglected or displaced.

The caring staff at Tiger Creek has dedicated their lives providing these great cats a warm and loving home.

Today, Tiger Creek is home to 38 magnificent animals. Many of these abused cats would have nowhere else to go. Most would be euthanized.

These animals deserve a second chance at life.

I hope you will join me in supporting Tiger Creek Wildlife Refuge. Together you and I can help save innocent lives – one by one.

Sincerely,

William Shatner
